Outlook Conference - Join us in DC!*

NASEO Welcomes Dr. Mary Beth Tung, Maryland, to Board of Directors

NASEO is pleased to announce Dr. Mary Beth Tung to its Board of Directors. Dr. Tung serves as Director of the Maryland Energy Administration and joins NASEO's Board as a Mid-Atlantic Regional Representative, alongside David Althoff, Director of the Pennsylvania Department of Environmental Protection, Energy Programs Office.

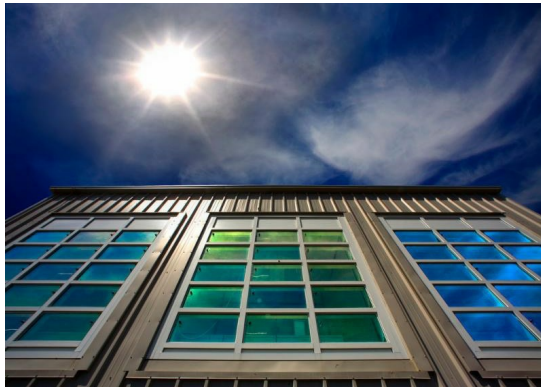

NASEO Appoints USGBC and Deepwater Wind to Board of Directors

NASEO is also pleased to announce additional members to its Board. Elizabeth Beardsley, Senior Policy Council, U.S. Green Buildings Council, and Matthew Morrissey, Vice President, Deepwater Wind, will serve as Affiliates' Co-Chairs to the Board. NASEO extends a warm thank you to previous Affiliates' Co-Chairs, Anna Pavlova, Schneider Electric, and Meredith Tunick, Bosch, for their service and dedication.

Solar Deployment Guidebook

To assist states and localities in accelerating solar adoption, The United States Climate Alliance (USCA) partnered with NASEO to elevate crucial strategies and tools for state and local governments to reduce the non-hardware costs of solar development.

NASEO, ESC Release Guaranteed Energy Savings Performance Contracting (GESPC) Principles

NASEO and the Energy Services Coalition (ESC) have released a set of principles to help strengthen and expand the use of Guaranteed Energy Savings Performance Contracts (GESPCs) to cost-effectively upgrade the performance and energy efficiency of state, local, and institutional buildings and facilities.

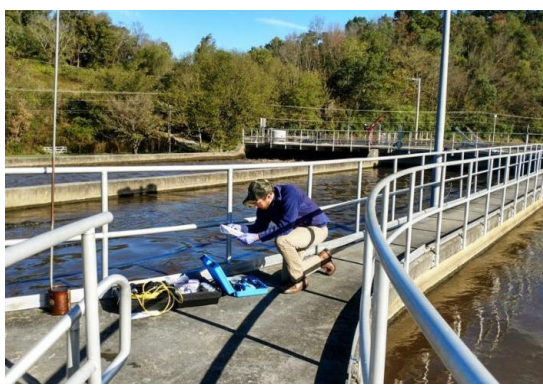

NASEO Releases Updated FMCSA Guidance

NASEO completed an update to its "Guidance for States on Relief from Federal Motor Carrier Safety Regulations in an Energy Emergency" which provides clarification on changes in CFR §390.23 and includes market factors and conditions that can assist states in making decisions on whether waivers are needed.

Tennessee Leads with Wastewater Optimization Program

Tennessee's Office of Energy Programs' work with state water and wastewater facilities over

the past several years has resulted in the state becoming a regional leader in energy and water efficiency.

NAIMA Code Calculator Update to Add Passive House and National View

The North American Insulation Manufacturers Association has updated the Building Energy Code Calculator to include Passive House to the list of available codes and to add a national view.

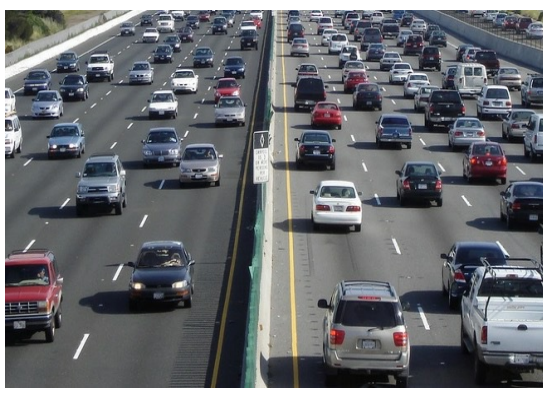

Penn State Microgrid Guide Combines Fossil Fuel and Renewable Usage

The Department of Architectural Engineering at Penn State has created a handbook called CHP-Enabled Renewable Energy in Microgrids in Pennsylvania: A Guidance Document for Conceiving Feasible Systems for those who want to create composite microgrid systems that include both fossil fuels and renewables.

ChargePoint Announced as Winner of ALT Fuels Colorado DCFC EV Corridors Grant

Governor Hickenlooper and the Colorado Energy Office have announced ChargePoint as the winner of their ALT Fuels Colorado DCFC

EV Corridors Grant Program. The \$10.33 million grant will support the construction of 33 EV fast-charging stations along six key transportation corridors in the state.

Federal Agencies Release Major Climate Report Called for by Congress

On November 23, the U.S. Global Climate Research Program (USGCRP), consisting of 13 federal agencies and drawing on over 300 federal and non-federal experts, released Volume II: Impacts, Risks, and Adaptation in the United States of the Fourth National Climate Assessment.
